SUMMARY

Entry-Level Software Developer with a strong foundation in Java and a working knowledge of web technologies including HTML, CSS, and JavaScript. Experienced in building small-scale applications and developing backend logic using Spring Boot and REST APIs. Familiar with SQL, Git, and database management, with a growing understanding of backend development. Actively improving problem-solving and development skills through hands-on projects. Passionate about writing clean code, understanding system design fundamentals, and growing as a software engineer.

SKILLS

Programming Languages: Java, JavaScript ,SQL
Frontend Technologies: HTML, CSS , React.js
Backend Technologies: Spring Boot, REST APIs ,Spring MVC, Spring Data JPA, Hibernate
Databases: MongoDB ,MySQL
Tools and Technologies: Git, GitHub, Docker, Swagger, JWT Authenitication, Postman

PROJECTS

FilmRec — Movie Recommendation Engine

Full stack project

LINK: <https://filmrec-six.vercel.app/>

- Built a full-stack movie recommendation platform using React, Spring Boot, JWT, MongoDB, and TiDB Cloud.
- Developed REST APIs for movie browsing, ratings, authentication, and personalized recommendations.
- Integrated the TMDB API to seed and manage movie metadata, including posters, genres, directors, actors, and ratings..
- Implemented Spring Security with JWT authentication and deployed the frontend on Vercel and backend on Render.

Lowkey — Personal Journaling & Mood Analytics Platform

Full stack project

LINK: <https://lowkey-phi.vercel.app>

- Built a full-stack personal journaling platform using React, Spring Boot, JWT, MongoDB Atlas, and TiDB Cloud, with a production-ready REST API architecture.
- Implemented secure JWT-based authentication, BCrypt password hashing, and user-specific authorization for protected journal CRUD operations.
- Developed automatic mood tracking and analytics with mood trends, calendar history, streak tracking, and journal statistics to visualize emotional patterns.
- Integrated Google Gemini AI to generate personalized mood insights and deployed the application on Vercel and Render, with interactive Swagger/OpenAPI documentation.

CERTIFICATIONS

Nutanix Certified Associate 6 (NCA) – Multicloud Infrastructure

Nutanix · Issued Feb 2026

EDUCATION

Matriculation (ICSE) Sacred Heart Convent School, Fazilka,Punjab	2019-2020 Percentage: 89.20%
Intermediate (PSEB) Government Model Senior Secondary School, Fazilka,Punjab	2021-2022 Percentage: 88.40%
B.E. Computer Science Engineering Chitkara University, Rajpura, Punjab	2023 - 2027 CGPA: 7.75/10
